7701 E. Parham Rd

CAN YOU AFFORD NOT TO PREPARE?

2008 HENRICO COUNTY BUSINESS OUTREACH SEMINAR

County of Henrico Division of Fire Office of Emergency Management

Can your business “weather” the storm? A recent survey discovered that:

- 42% of business owners don't have a disaster plan in place;
- Of that 42%, 27% have no plans to create a disaster plan;
- 25% of business owners describe their attitude towards disaster preparation as “live and let live”, explaining that they would rather deal with a disaster when it occurs rather than get ahead of a potential problem.

Come join Henrico County public safety officials and learn more information on how to prepare your business to weather the storm. Get information on:

- Business Continuity in Times of Disaster
- Pandemic Flu Planning in the Workplace
- Local Emergency Planning Committee—What Is It and How Can It Help You Plan?
- Fire Prevention in the Workplace
- Henrico Fire Marshal's Office—More Than Enforcement
- Business Watch/Safety in the Workplace
